

## Junior Angler Coaching Sessions

### About Roche Angling Club

Roche Angling Club is proud to offer another season of coaching sessions aimed specifically at helping youngsters have a go at fishing in a safe environment. With six fantastic fisheries in the St Austell area the Club has a little something for everyone.

RAC was formed in 1964 in the village of Roche, hence the name, as a sea angling club. It was not long before freshwater course fishing and game fishing were included in the club activities. The club is now mainly a course fishing club owning four waters and managing two others.

Over the last four years RAC has helped dozens of people catch their first fish and embark on one of the greatest hobbies on earth. We hope you might be the next!

### FREE

These events are completely free to our guests as we supply the fishing tackle, bait and expertise at no cost. All you need to bring is enthusiasm, some suitable clothes for an outdoor environment and perhaps a little patience.

### The Sessions

We allow 2 – 3 hours per session as this gives enough time to get the fish to bite but isn't too long to take up the whole day. Participants can expect to be shown how to safely bait a hook, cast, strike, bring in your catch, safely unhook it and return it unharmed.

### Location

We hold our coaching sessions at Waldon Pond, on New Road near St Blazey.

### Session dates

We offer coaching sessions during the summer months on the dates below. Please call Andy (contact below) to book your session. We have a limited number of sessions available so please book early.

May 16<sup>th</sup> 6pm – 8pm  
May 30<sup>th</sup> 6pm – 8.30pm  
June 6<sup>th</sup> 6pm – 8.30pm  
June 27<sup>th</sup> 6pm – 8.30pm

July 2<sup>nd</sup> 9am – 12pm  
July 30<sup>th</sup> 9am – 12pm  
August 8<sup>th</sup> 6pm – 8.30pm  
August 22<sup>nd</sup> 6pm – 8.30pm

### Nature Trail

We can also offer a guided nature walk around our Waldon and Rashleigh site located near to the Eden project where we hold our coaching events. There is a diverse range of wildlife and industrial heritage as the 2 lakes are ex china clay pits last worked about 80 years ago.
